

RoIAI™ LAB: TECHNICAL RIDER & ROOM SPECIFICATIONS

Speaker: Dawn Dawson, Success Installation Lab : RoIAI™ (90 Minutes)

1. Visual Requirements

- **Screen:** Projection screen (16:9 ratio preferred) at the front of the room for the initial overview presentation.
- **Connection:** HDMI from a MacBook laptop.
- **Content:** Each participant will use their own mobile device to create and display their Generative AI rendering. They will need Google Gemini access on their device.

2. Auditory Requirements

- **Microphone 1:** One high-quality wireless headset or lavalier microphone (for hands-free movement).
- **Microphone 2:** Handheld mic for audience questions.
- **Audio Input:** 3.5mm or 1/4" audio input into the house sound system.
- **Network Requirements**
- **Wi-Fi:** High-speed, stable guest Wi-Fi is required for all attendees.
- **Access:** Participants will access a digital template via a QR code. Please ensure any corporate firewalls allow access to a public website and participant's email. (IT Whitelist available upon request).

4. Room Configuration

- **Seating:** "Cabaret Style" or "Round Tables" are required.
- **Capacity:** 4–6 participants per table. Each table acts as a breakout group.
Movement: Dawn requires a clear path to move between tables for hands-on support.

5. On-Site Materials

- **Tabletop:** Please provide one notepad and one pen per person as a backup to the digital templates.
